 Legs and hardware are stored at the bottom of the 3 seater and chaise, please take out for assembly.

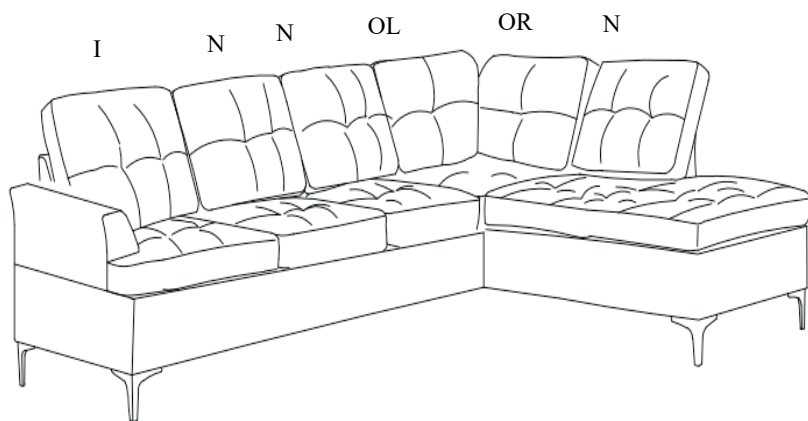

**Step 1** Align the legs to the pre-drilled holes at the bottom of the units, insert bolts and washers then tighten with Allen Key. Rotate support leg Q to tighten it.

**Step 2** Align and insert the back rest to the position shown in drawing, push to the end to secure it.

**Step 3** Align the entire back cushions to the back rest, attach to the Velcro, adjust and fix it properly.

### Care instruction for PU furniture.

In order to maintain the original appearance of your PU furniture, please follow below simple care procedures:

- Avoid exposing furniture directly to sunlight or heating and air conditioning outlets. Sunlight and/or exposure to heating and air conditioning outlets will fade/damage PU. Do not place your PU furniture too close to windows, radiators, or vents, and be sure to use windows, radiators, or vents.
- Vacuum or wipe with a cloth regularly to remove dust.
- Hardware may loosen over time. Periodically check to make sure all connection are tight, Re-tighten if necessary.

 For items use on wooden floor, hard surfaces or carpets, it is recommended to install protective pads under all legs and supports to avoid/prevent from damages/scratches and discoloration.
